

# CAPABILITIES STATEMENT

## Core Competencies

Amplify Federal is a proud Service-Disabled Veteran Owned Small Business (SDVOSB) providing information technology services and solutions to clients in the public and private sector.

Our certified engineers and project managers have successfully delivered mission-critical solutions in the areas of Geospatial Imagery Delivery, OCONUS Infrastructure Deployment, Enterprise Systems Engineering & Test, Cloud Engineering, and Cross-platform Software Development. Our engineering foundation is based on a Dev/Sec/Ops workflow in an agile environment, tailored to our customer's unique needs.
