

# CAPABILITIES STATEMENT

## Core Competencies

Amplify Federal is a SDVOSB Software Integrator that leverages advancements in data engineering, data analytics, and the operational implementation of AI solutions to support of critical national security missions.

Since 2007, our certified engineers have worked hard to meet our clients emerging technology needs in the areas of Agile Software Development, Enterprise Systems Engineering & Test, Cloud Engineering, DevSecOps, Data Engineering, Data Science, and AI/ML. Our engineering foundation is based on a Dev/Sec/Ops workflow in an agile environment, tailored to our customer’s unique needs.
